

A303 Stonehenge Amesbury to Berwick Down

Public consultation extended to Monday 23 April 2018

What's this all about?

This is about Highways England's proposals to upgrade the A303 past Stonehenge between Amesbury and Berwick Down to a dual two-lane carriageway.

In September 2017 we announced the preferred route for the scheme following a public consultation in early 2017.

Since then we have developed the scheme further and would now welcome your views on our proposals.

Why is the scheme needed?

The section of the road past Stonehenge currently experiences double the traffic it was designed for, and flows are even higher during the summer resulting in major delays on the A303 and rat-running through local villages.

What's the plan?

The scheme is approximately 8 miles (nearly 13km) long and comprises the following key elements:

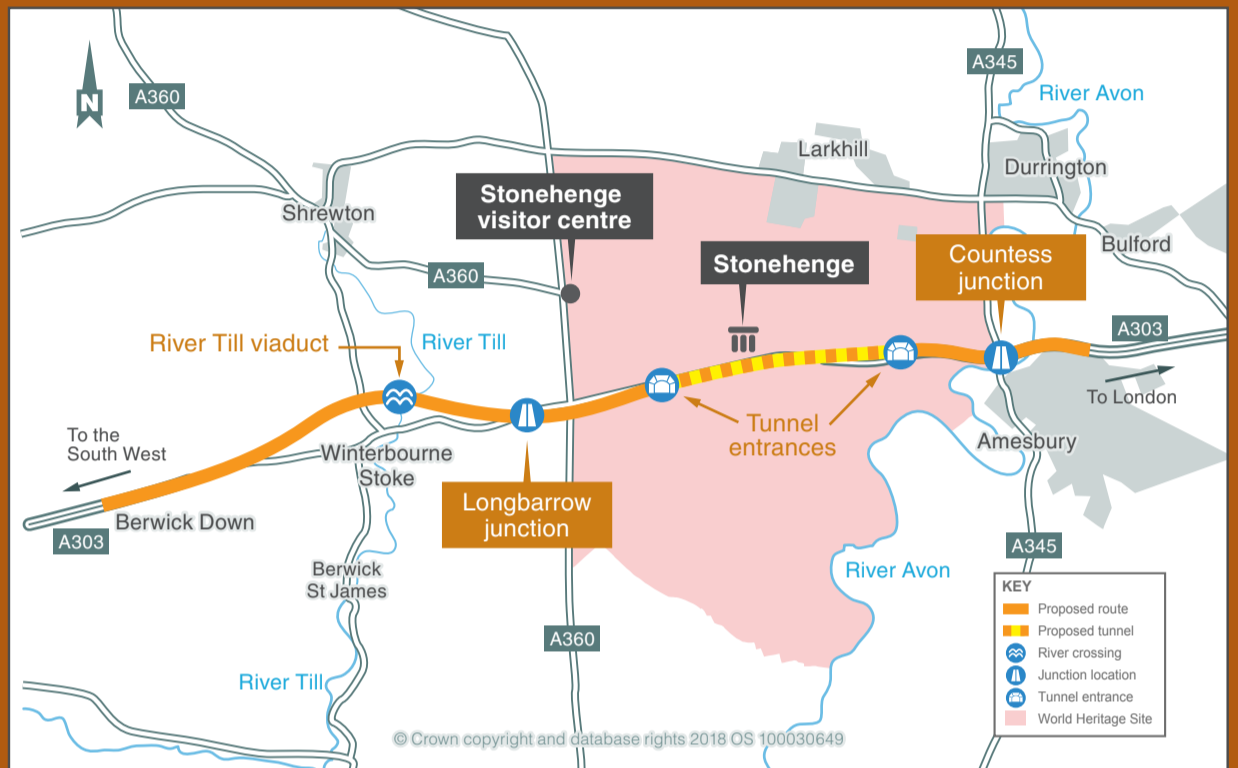

- A bypass to the north of Winterbourne Stoke with a viaduct over the Till valley
- A new junction between the A303 and A360 to the west of and outside the Stonehenge, Avebury and Associated Sites World Heritage Site, replacing the existing Longbarrow roundabout
- A twin-bore tunnel at least 1.8 miles (2.9 km) long past Stonehenge
- A new junction between the A303 and A345 at the site of the existing Countess roundabout

How do I get involved?

Come along to one of our public information events to meet the project team, ask questions and view more details of our proposed scheme.

Consultation extension

As a result of recent adverse weather conditions, we made the decision to cancel the consultation events proposed in Mere on Thursday 1 March 2018 and Salisbury on Saturday 3 March 2018. We have rearranged these events as indicated in the table alongside, which also indicates the timing of an existing event being held in Amesbury on 23 March. As a consequence we have extended the consultation period to Monday 23 April 2018.

Location	Date	Time
Antrobus House 39 Salisbury Rd, Amesbury, SP4 7HH	Friday 23 March 2018	14.00 to 20.00
