

M25 JUNCTION 10/A3 WISLEY INTERCHANGE IMPROVEMENT

Publication of Statement of Community Consultation

HIGHWAYS ENGLAND is developing proposals to improve the M25 junction 10/A3 Wisley interchange in Surrey to help reduce congestion, improve safety and support planned growth.

The proposed scheme will include measures to upgrade the M25 junction 10 roundabout and widen the A3 between Painshill and Ockham. It will also include the conversion of the existing hard shoulder on the M25 to provide an additional running lane on the M25 through junction 10, as well as widening of the A245 Byfleet Road at Painshill and improvements to crossings and facilities for non-motorised users. Alterations to connecting side roads, including to Wisley Lane and to a number of private access arrangements are also proposed to improve safety.

We wish to hear the views of people living in the vicinity of the proposed scheme before making an application for a Development Consent Order (DCO). Our statutory pre-application **community consultation will take place between 12 February 2018 and 26 March 2018**.

We have published a **Statement of Community Consultation ("SOCC")**, which explains how we will consult with the local community and how people can provide their feedback to help shape our proposals.

The SOCC is now available to view or download free of charge from Highways England's website at: www.highways.gov.uk/m25j10.

Copies of the SOCC may also be requested using our contact details provided below or can be inspected free of charge at any of the following locations during normal opening hours, until the end of the consultation period on 26 March 2018:

- the main offices of **Guildford Borough Council, Elmbridge Borough Council and Surrey County Council**; and
- **public libraries at Addlestone, Byfleet, Cobham, East Horsley, Walton-on-Thames, West Byfleet and Woking**.

During the consultation period, we will be holding public exhibitions at the following locations and times:

Section 48 – Planning Act 2008

M25 junction 10/A3 Wisley Improvement Scheme

Notice publicising a proposed application for a Development Consent Order

Regulation 4 Infrastructure Planning (Applications: Prescribed Forms and Procedure) Regulations 2009

Notice is hereby given that **HIGHWAYS ENGLAND COMPANY LIMITED** of Bridge House, 1 Walnut Tree Close, Guildford, GU1 4LZ ("the Applicant") proposes to make an application ("the Application") under Section 37 of the Planning Act 2008 to the Secretary of State for Transport for a Development Consent Order.

The Application is for the M25 junction 10/A3 Wisley interchange improvement scheme, located within the administrative areas of Elmbridge Borough Council, Guildford Borough Council and Surrey County Council.

The proposed scheme is needed to reduce congestion, improve safety and support planned growth. In summary, it will include measures to upgrade the existing roundabout at M25 junction 10, widen the A3 between Painshill and Ockham, convert the existing hard shoulder on the M25 to provide an additional running lane on the M25 through junction 10 (together with alterations to associated M25 gantries and signage in the vicinity), widen the A245 Byfleet Road at Painshill and improve crossings and facilities for non-motorised users. Alterations to connecting side roads, including to Wisley Lane and to a number of private access arrangements, are also proposed to improve safety. A comprehensive package of environmental mitigation and compensation measures is proposed, including replacement land, to offset any impacts on the adjoining Ockham and Wisley Commons.

The scheme is an Environmental Impact Assessment development ("EIA development"), as defined by The Infrastructure Planning (Environmental Impact Assessment) Regulations 2017. This means that the proposed works constitute development for which an Environmental Impact Assessment will be required. An Environmental Statement will therefore be submitted as part of the application. The Preliminary Environmental Information report ("PEIR") will be published as part of the consultation materials.

Consultation on the proposals will take place from Monday 12 February 2018 until 23:45 on Monday 26 March 2018. Copies of the consultation materials, including a consultation brochure containing plans and maps showing the nature and location of the proposed scheme and the PEIR, will be available for inspection free of charge during the consultation at the following locations and times:

All comments and responses must be received **no later than Monday 26 March 2018 at 23:45**.

Highways England will consider and have regard to all responses when developing the Application for a Development Consent Order, once the consultation has closed. Responses will form the basis of a Consultation Report that will be one of the factors taken into consideration by the Secretary of State when deciding whether the Application can be accepted for examination. Therefore, in providing any comment, it should be borne in mind that the substance of it may be communicated to others as part of the Consultation Report.

If you would like further information about this notice, the consultation or the scheme, please contact the project team using one of the contact methods provided above.
