

A303 Stonehenge: Amesbury to Berwick Down

Public consultation – 12 January to 5 March 2017

How can I get involved?

We would like to know what you think about our proposed solution so that we can consider your views and shape the details of our plans.

To get involved you can attend one of our public information events to meet the project team, ask questions and view more details of our proposed solution:

Location	Date	Time
The Manor Barn High St, Winterbourne Stoke, SP3 4SZ	Saturday 14 January 2017	11am to 5pm
Antrobus House 39 Salisbury Rd, Amesbury, SP4 7HH	Wednesday 18 January 2017	2pm to 8pm
Shrewton Village Hall Recreation Ground, The Hollow, Shrewton, SP3 4JY	Friday 20 January 2017	5pm to 9pm
Avon Valley College Recreation Rd, Durrington, SP4 8HH	Saturday 21 January 2017	11am to 5pm
Larkhill Primary School Wilson Road, Larkhill, SP4 8QB	Tuesday 24 January 2017	5pm to 9pm
The Manor Barn High St, Winterbourne Stoke, SP3 4SZ	Friday 27 January 2017	2pm to 8pm
The Guildhall, Salisbury The Market Place, Salisbury, SP1 1JH	Saturday 28 January 2017	11am to 5pm
Grove Hall The Grove Building, Church Street, Mere, BA12 6DS	Saturday 4 February 2017	11am to 5pm
Society of Antiquaries Burlington House, Piccadilly, London, W1J 0BE	Monday 6 February 2017	2pm to 8pm
Antrobus House 39 Salisbury Rd, Amesbury, SP4 7HH	Wednesday 8 February 2017	2pm to 8pm

Visit the project website at www.highways.gov.uk/a303stonehenge/consultation to find more information and fill in a consultation questionnaire.

Let us hear your views

The consultation runs until 5 March 2017 and is open to everyone. We look forward to hearing your views.

What's this all about?

The A303 Stonehenge scheme is Highways England's proposal to upgrade the A303 past Stonehenge between Amesbury and Berwick Down and provide a bypass for the village of Winterbourne Stoke.

Why is it needed?

The A303 links the M3 and M5 to create the most direct strategic route between the South West and the South East. This makes it vital for the economy of the South West as well as local communities along the route.

But there is a problem. Several sections of the road are single carriageway, causing congestion, delays and an increased risk of accidents.

One of these is between Amesbury and Berwick Down, where the A303 runs through the heart of the Stonehenge, Avebury and Associated Sites World Heritage Site, passing close to the stones themselves.

What's the plan?

Our proposed solution is to build a 1.8 mile tunnel under the World Heritage Site past Stonehenge, a bypass for the village of Winterbourne Stoke and improve existing junctions between the A303 and local roads.

What are the benefits?

Our proposed solution would:

- Boost growth across the South West
- Reunite the two halves of the World Heritage Site
- Reduce congestion for local communities, commuters, businesses and tourists
- Improve the quality of everyday village life in Winterbourne Stoke and relieve other local villages of rat-running traffic.
